<sup>2)</sup> Audit Committee

<sup>3)</sup> Nomination and Compensation Committee

<sup>4)</sup> As guest

<sup>5)</sup> Excluding telephone conferences

Urgent business matters were discussed in various telephone conferences. In addition to formal meetings at which minutes were taken, members of the Board of Directors or of the committees also frequently met informally for other topics and discussions that required additional time. These included, for example, preparations for formal meetings, interviews and nomination of key individuals etc.

The agenda for a meeting of the Board of Directors or of a Board committee is set by its respective Chairman. Any member of the Board of Directors or a committee may request a meeting or ask that an item be put on the agenda. Members of the Board of Directors and the committees are provided in advance of meetings with all relevant documents that enable them to prepare for the discussion of the agenda items during the meeting. The Board of Directors and its committees constitute a quorum if half of the members are present. The Board of Directors and its committees approve resolutions by a majority of members present at the meeting. In the event of an equal number of votes, the Chairman has the casting vote.

The Board of Directors works closely with the Management Board. In general, the meetings of the Board of Directors and its committees are also attended by the CEO and the CFO and, depending on the agenda, other members of the Management Board. The Board of Directors and the committees meet in executive session after every Board and committee meeting respectively. The Board of Directors consults external experts when necessary in connection with specific topics.

During the business year 2017/18, the five meetings of the Board of Directors were attended by the CEO and the CFO. Other members of the Management Board were present during four meetings of the Board of Directors to review amongst others performance against plan, key initiatives and strategic matters. If necessary, the Board of Directors also consults with other internal experts (such as the Group General Counsel) or external advisors although no external party was invited to nor attended a Board meeting in the last business year.

The four meetings of the Nomination and Compensation Committee were held in the presence of the Chairman, the CEO and the Group Vice President Corporate Human Resources. One meeting was attended by an external legal advisor.

All four meetings of the Audit Committee were attended by the Chairman, the CEO, the CFO and the Head of Internal Audit and Risk. External advisors attended the Audit Committee meeting three times.

### Definition of areas of responsibility

The Board of Directors of Sonova Holding AG is responsible for the overall direction of the company, except in matters reserved by law to the General Shareholders' Meeting. The Board of Directors decides on all matters that have not been reserved for or conferred upon another governing body of the company by law, by the Articles of Association, or by the company's Organizational Regulations. The division of responsibility between the Board of Directors and the Management Board is set out in detail in the company's Organizational Regulations (available at [www.sonova.com/en/investors/organizational-regulations](http://www.sonova.com/en/investors/organizational-regulations)).

### Information and control instruments vis-à-vis the Management Board

The Management Board reports regularly to the Board of Directors and its committees. At each Board meeting, the Management Board informs the Board of Directors of the status of current business matters and financial results, presents relevant strategic initiatives as well as major business transactions such as M&A. Each year a Board of Directors meeting is reserved for presentation and discussion of the company's strategy and long term financial plan. The Board of Directors is provided with monthly consolidated sales reports providing data on revenue, average selling prices, and units for each major product, subsidiary, and market. The Board of Directors also receives on a monthly basis the financial report with the full profit and loss statement, the balance sheet, and the cash flow statement, as well as the CEO's report on business performance, the competitive situation, updates on various initiatives, and an outlook. Telephone conferences are held as required between Board members and the CEO or CFO. Furthermore, each member of the Board of Directors may request information on all matters concerning the company.

### Internal audit, risk and compliance

The mandates of the Internal Audit and Risk Management functions, along with their reporting lines and scope of activities, are defined in the Internal Audit & Risk Charter approved by the Audit Committee and the Board of Directors. Internal Audit carries out compliance and operational audits and assists the business units in attaining their goals by providing assurance from independent evaluation of the effectiveness of internal control processes. Management is responsible for the control of business risks and for compliance with laws and regulations. The Audit Committee approves the annual work plans of Internal Audit and ensures that the relevant Group companies are adequately reviewed according to their risk scoring. The Audit Committee also reviews and discusses the reports on completed audits submitted by Internal Audit. Internal Audit, together with Business Controlling,

monitors the implementation by Group companies of any measures necessary to address findings from previous audits, and regularly reports progress to the Audit Committee. The Head of Internal Audit & Risk reports to the Chairman of the Audit Committee.

The Group has implemented an efficient system to identify and assess strategic, operational, financial, legal, and compliance risks related to the Group's business activities. Risk management and mitigation proposals are prepared by the Audit Committee and reviewed by the full Board of Directors. In addition, the Chairman of the Board of Directors is invited to the Audit Committee as a guest, and is thus kept fully informed. As a guest, the Chairman of the Board of Directors has no voting rights. The risk management function categorizes risks by severity and probability and supports the Management Board in determining the measures necessary to address or mitigate them.

In accordance with the Audit Committee Charter, the Audit Committee reviews the company's risk assessment prepared by Risk Management before it is presented to the Board of Directors. The Board of Directors approves the risk assessment and provides guidance from a strategic point of view. To continuously monitor key risks and their mitigation, Risk Management prepares risk status reports which are presented to the Audit Committee on an ad hoc basis.

Risk Management also assumes responsibility for the internal control system (ICS) for financial reporting risks. The Board of Directors receives annual updates on the Group companies' compliance with the ICS guidelines.

The Group compliance program supports Sonova's core values of ethical behavior and unquestionable integrity. The program is administered by the Head Group Compliance Program and ultimately overseen by the Group General Counsel. Amongst other things, the program administers the Ethics Hotline and ensures that reports are adequately addressed; structures the policy framework for ethical business conduct and trains the businesses on it; counsels and advises on proposed business approaches; and supports the businesses in their vetting of business partners. Quarterly compliance reports are provided to the Audit Committee and an annual compliance report is addressed to the Board of Directors. With respect to her Compliance responsibilities, the Group General Counsel has a dotted reporting line to the Chairman of the Audit Committee.

### Corporate Social Responsibility

The Management Board proposes topics related to corporate social responsibility, which are subject to consultation and review on a yearly basis by the full Board of Directors (see the comprehensive [corporate social responsibility report](#)).

### Diversity

A comprehensive diversity report is prepared by Corporate Human Resource Management and reviewed annually by the full Board of Directors (see the relevant chapter in the [corporate social responsibility report](#) for more information).

## Management Board

The Management Board is responsible for the business and affairs of the company and the preparation, implementation, and monitoring of the strategic roadmap, the management of the members' respective Group functions, and the preparation, implementation, and delivery of the annual plan and budget. The Management Board also prepares for and executes decisions made by the Board of Directors. According to the Organizational Regulations of Sonova Holding AG, the Management Board is chaired by the CEO and comprises at least the CFO, plus such additional members as appropriately reflect the company's structure and activities. The members of the Management Board are proposed by the CEO and are appointed by the Board of Directors on the request of the Nomination and Compensation Committee.

The yearly evaluation of the CEO is based on the input of each member of the Board of Directors addressed to the Chairman. The consolidated input is reviewed first by the NCC and subsequently finalized by the full Board. Finally, the results are reviewed and discussed by the Chairman with the CEO.
